

V-LINE THERMOMETER TM-S

TM-A

SPECIFICATION

Case Size	6"(150mm)
Stem Length	2 1/2" (65mm), 4" (100mm), 6" (150mm)
Temperature Range	-30°C - 50°C
Scale Reading	Celsius (°C) & Fahrenheit (°F)
Case	Aluminium, anodized gold with black markings
Tube	Glass cushioned
Liquid Filling	Organic red liquid
Stem	Brass
Connection	1/2" BSPT
Swivel Nut	Brass
Operating Pressure	Maximum 710 psi
Ambient Temperature	-40°C - 200°C
Operating Temperature	Maximum 80% of full scale value
Accuracy	±2°C
Protection	IP65

FEATURE

- Straight type (TM-S) and Angle type (TM-A)
- Steel casing
- Dual scale pressure units reading in bar and psi
- Applicable for HVAC System, Machine Building, Vessel Construction etc
